TANNING AND DRESSING SKINS

All tanning is at owner's risk!

All tanning is accepted at the owner's risk. **THE FLAGG GROUP, INC.** has no control over any skin prior to our receiving it for tanning. Many factors have a definite effect on the final results of tanning, such as primeness, time of year, climate conditions and the care given in the field. Occasionally a skin will not tan or goes to pieces during the tanning process due to improper handling prior to delivery to us or a defect in the skin over which we have no control. For these reasons, we cannot assume any responsibility or offer any guarantee of the tanning of any skin.
